
Sponsor banners

Posted by bunny_no - 2007/06/05 10:37

Hi there!

Is there any mod, component or however you'd call it to have these 'sponsor' banners at the bottom of the page like you have.

I mean those white boxes + the 'Sponsors. add your site' one.

Thx in advance.

cu rnd.

I guess they are joomla's template modules.

It looks like Joomla's JA Utahia II template
