
SMF -> FireBoard

Posted by greendino - 2007/04/18 03:30

Hello,

It would be nice to have a converter Smf to FireBoard.

Thanks..

Hi,

We are working on it. Will be released pretty soon.

In first It's a great forum !

Another converters are in project ? for example for PunBB forum (it's my forum...)

Thanks for this forum!

Thanks for this forum!

We will do the SMF one first (as we need it ourselves) and when it is ready we can move to the others with the help of people.

When the SMF->Fireboard conversion script is ready, where will you announce it? I would like to subscribe to that thread! I have a couple of SMF sites I want to convert right away.

Regards,
Eric

one little thing. could you make the avatar (user uploaded) bigger than 65x65? maybe 100x100?

thanks!
