## [FIXED] BUG - Some profiles are same in the thread

Posted by cood - 2007/07/30 04:16

---

Dear;

These profile demonstrated below in the illustration, they are same in the whole thread.

<http://img520.imageshack.us/img520/9561/error02na8.jpg>

For instance, if an user gets right your profile the other users in the thread it is with your data. Case the another user dont change your profile.

this Error is;

Location;  
Skype  
YIM  
Sex

Thank you

Cood

I'm having this same problem also. Not sure if the user will actually change your profile but I think it will change as users update their profile. Just the same this absolutely needs fixed
