This enhancement is now complete, it can be seen running here
it is a great extra, anyone who is interested let me know via pm, also I now have a plugin which allows the user to select
the award they wish to show in the forum, this appears in the cb tab

I have a version of Jawards installed and it works wonderfully. Is this a new version and if so how can We/us/I download
it and try it out please?

Best.
