
FB Feed messed up my administrator panel

Posted by muko - 2007/12/06 17:44

Guys please i need your help.

after i installed FB feed my Admin menu (top menu) Doesnt display anymore !

PLEAS PLEAS help me (this i no fun because i cant add modules/components NOTHING)

this is how it now looks : <http://img139.imageshack.us/my.php?image=erroryt4.png>

it was so : <http://img479.imageshack.us/my.php?image=error2uj7.png>

:(:(:(

i just rewrote my ftp files with my backup files but nothing has changed ?

is this an mysql database issue ??!!!!
