## [SOLVED]Possible to reply on closed topics in 1.04

Posted by dsmink - 2008/01/04 12:40

---

If you use the latest message link on the right in the thread overview you can still reply on closed topics.

I checked the code and fixed it where it goes wrong is the lock and unlock actions in post.php they are based on the message ID where it should be the thread ID so all the messages in the thread get locked.

If you guys want I can post my fix. (its in view.php (to send the thread ID) and post.php (to change some queries)).

---

Bugtracker: [http://joomlaCode.org/gf/project/fireboard/tracker/?action=TrackerItemEdit&tracker\\_item\\_id=9021](http://joomlaCode.org/gf/project/fireboard/tracker/?action=TrackerItemEdit&tracker_item_id=9021)

View.php:

Lock button:

Replace line: 1224

```
$msg_lock = "id.'&catid=' . $catid) . \">\";
```

With:

```
$msg_lock = "thread . '&id=' . $fmessage->id . '&catid=' . $catid) . \">\";
```

Unlock button:

Replace line: 1237

```
$msg_lock = "id.'&catid=' . $catid) . \">\";
```

With:

```
$msg_lock = "thread . '&id=' . $fmessage->id . '&catid=' . $catid) . \">\";
```

Post.php:

On line 641 (after \$id = (int)\$id;) add:

```
$thread = (int)$thread;
```

Lock function:

Replace line 1190:

```
$database->setQuery("update #__fb_messages set locked=1 where id=$id" . $db->quote($id));
```

With:

```
$database->setQuery("update #__fb_messages set locked=1 where thread=$thread" . $db->quote($thread));
```

Unlock function:

Replace line 1217:

```
$database->setQuery("update #__fb_messages set locked=0 where id=$id" . $db->quote($id));
```

With:

```
$database->setQuery("update #__fb_messages set locked=0 where thread=$thread" . $db->quote($thread));
```

---

Taht's good,

But the quick reply still works.

Please continue to fix!

=====

## Re:Possible to reply on closed topics in 1.04

Posted by dsmink - 2008/01/18 13:51

---

You can still reply on closed topics?

Check out the fix I posted in the bugtracker please.

---

Thank,

I have some modified before so I can not upload all your files.

But I found my fixed quick post for 1.0.3, and It also fixes for FB 1.0.4:

[http://luyenkim.net/home9/index.php?option=com\\_fireboard&Itemid=88889169&func=view&catid=5&id=1154#1154](http://luyenkim.net/home9/index.php?option=com_fireboard&Itemid=88889169&func=view&catid=5&id=1154#1154)

My fix is not good, could you tell me more about your fix so that i can modify my FB files.

---

Instead of locking the thread on the message ID I altered the SQL statement to lock it on thread ID so that all the messages in the thread get locked and not just the first one.

If only the first message is locked its possible to use quick reply to reply via the other messages.

=====

If only the first message is locked its possible to use quick reply to reply via the other messages.

It means from now, all the thread with the first message is locked then all messages in the thread will be locked also.

And all the locked threads had posted before, the quick post still is possible!

You can see the 2 files i have there :

view.php

post.php

Traducción de Babel Fish Ayuda

You need to compare both archives and to add to these archives the changes of SVN551. They are very few. I did it and they work to me without problems.

dsmink, do you need the modified archive for to upload?

@bytebandit01:

Would it be possible for you to host your post.php and view.php or give me a link to this template?

=====

## Re:Possible to reply on closed topics in 1.04

Posted by frodon2 - 2008/01/30 14:17

---

I have to test this more but it seems the fix do not 100% work, i have some locked threads where i can still post using the latest post button i would say that in half locked threads i have i can still post using this latest post button.

=====

## Re:Possible to reply on closed topics in 1.04

Posted by dsmink - 2008/01/30 14:19

---

Did you relock them? Otherwise it wont work.

=====

## Re:Possible to reply on closed topics in 1.04

Posted by frodon2 - 2008/01/30 14:51

---

It seems indeed that threads locked before the fix are those who have the problem, from what i have tested lately it seems that unlocking then re-locking the thread solve the issue like you explained.

=====

## Re:Possible to reply on closed topics in 1.04

Posted by dsmink - 2008/01/30 14:52

---

That because before the 'fix' they were locked based on message id (which only locks the first message in the thread) now they are locked on thread id which locks all messages in the thread.

So you'll have to go over any old locked posts and relock them. I'm pretty sure all should be fine then :)

Tested on live forum with locked threads ranging from 10 ~ 180 pages.

=====
