## Set Rank

Posted by Dread - 2007/04/28 13:34

---

I'd love to be able to set ranks to users and be able to change them at will, rather than having them by post count. I'm thinking some kind of drop down in the user or CB Profile section on the Forum tab.

Is this possible??

:unsure:

Yeah i like this idea as well. I want to make a user a rank that i choose without having them to post. If possible please help us out.

I would also like to see this happen.

Many other boards have this feature, and for what I am doing, it's required.

I would also love to be able to set custom ranks or titles for users.
