## Karma Project

Posted by Smoke DL - 2008/01/14 06:31

---

I'm working on customizing my karma system a little bit. Renaming it, making it so only certain usergroups can add or remove, and possibly making it so once you post once in a certain category or make a certain amount of posts you get x karma. I'm also fiddlin with the idea of making it so every day you post, you get one karma, similar to <http://www.gamefaqs.com>

Has anybody already done any of this? I don't want to reinvent the wheel, here.

I think I found how to make it so only admins may edit karma.

Go to line 224 of fbprofile.php

(components/com\_fireboard/template/default/plugins/fbprofile/fbprofile.php)

Change:

```
if ($fbConfig && $userid != '0')
```

To:

```
if ($fbConfig && $userid != '0' && $ulsAdm)
```

If the user is not an administrator, they get the "too soon" message, basically.

Working on changing that now.

---

I'd been working on this in my spare time, of which I've had almost none lately.

Sorry for the lack of updates. I'm aware that that fix didn't work, and I'll probably be working on this some more this week.

Evening Everyone. Not sure how much I can offer outside this one thing. To change the name of Karma to something else is pretty easy. Go to /administrator/components/com\_fireboard/language/english.php (or your language).

Change (on Line 321)

```
DEFINE('_FB_USRL_KARMA','Karma');  
To:  
DEFINE('_FB_USRL_KARMA','Reputation');  
or whatever you want to name it.
```

Change (on Line 352)

```
DEFINE('_FB_ADMIN_CONFIG_USERLIST_KARMA','Show Karma');  
To:  
DEFINE('_FB_ADMIN_CONFIG_USERLIST_KARMA','Show Reputation');
```

Change (on Line 353)

```
DEFINE('_FB_ADMIN_CONFIG_USERLIST_KARMA_DESC','');  
To: (There is no description by default so add one if you want.)  
DEFINE('_FB_ADMIN_CONFIG_USERLIST_KARMA_DESC','This is the Reputation of a person.');
```

Change (on Line 807/808)

```
DEFINE('_COM_A_KARMA','Show Karma indicator');  
DEFINE('_COM_A_KARMA_DESC','Set to "Yes" to show user Karma and related buttons (increase / decrease) if the  
User Stats are activated.');
```

To:

Change (on Line 807/808)

```
DEFINE('_COM_A_KARMA','Show Reputation indicator');  
DEFINE('_COM_A_KARMA_DESC','Set to "Yes" to show user Reputation and related buttons (increase / decrease) if  
the User Stats are activated.');
```

Change (on Line 850 - 865)

//Karma

```
DEFINE('_KARMA','Karma');  
DEFINE('_KARMA_SMITE','Smite');  
DEFINE('_KARMA_APPLAUD','Applaud');  
DEFINE('_KARMA_BACK','To get back to the topic,');  
DEFINE('_KARMA_WAIT','You can modify only one person's Karma every 6 hours. Please wait until this timeout period  
has passed before modifying any person's Karma again.');
```

To:

//Reputation

```
DEFINE('_KARMA','Reputation');  
DEFINE('_KARMA_SMITE','Smite');  
DEFINE('_KARMA_APPLAUD','Applaud');
```

---

```
DEFINE('_KARMA_BACK', 'To get back to the topic,');
DEFINE('_KARMA_WAIT', 'You can modify only one person\'s Reputation every 6 hours. Please wait until this timeout
period has passed before modifying any person\'s Reputation again. ');
DEFINE('_KARMA_SELF_DECREASE', 'Please do not attempt to decrease your own Reputation!');
DEFINE('_KARMA_SELF_INCREASE', 'Your Reputation has been decreased for attempting to increase it yourself. You
are a LOSER!');
DEFINE('_KARMA_DECREASED', 'User\'s Reputation decreased. If you are not taken back to the topic in a few
moments,');
DEFINE('_KARMA_INCREASED', 'User\'s Reputation increased. If you are not taken back to the topic in a few
moments,');
DEFINE('_COM_A_TEMPLATE', 'Template');
DEFINE('_COM_A_TEMPLATE_DESC', 'Choose the template to use. ');
DEFINE('_COM_A_TEMPLATE_IMAGE_PATH', 'Image Sets');
DEFINE('_COM_A_TEMPLATE_IMAGE_PATH_DESC', 'Choose the images set template to use. ');
DEFINE('_PREVIEW_CLOSE', 'Close this window');
//=====
```

That should do it! B)

Hope that helps...I don't like the eastern religious implications of the word Karma so this was a necessary fix ;)
