
SMF to Fireboard: Do-able?

Posted by pashley - 2008/01/21 05:08

I'm currently using SMF as my forum, and of course have the bridge issue (no bridge in place now). Fireboard seems like it would be a great board, since there are no bridges used, but the big question is, can I port over my boards and posts from SMF to Fireboard?! Jeez, I hope so...!
