
Problem last add module

Posted by sieff - 2008/02/21 03:58

Hello to everybody,
i'm working with joomla 1.0.13 and i've installed fireboard 1.0.0.

to open last post module it show me this message:

Warning: main(/htdocs/public/cms2/components/com_fireboard/class.fireboard.php) : failed to open stream: No such file or directory in /htdocs/public/cms2/modules/mod_fireboard_latest.php on line 23

Fatal error: main() : Failed opening required '/htdocs/public/cms2/components/com_fireboard/class.fireboard.php' (include_path='.:usr/local/lib/php') in /htdocs/public/cms2/modules/mod_fireboard_latest.php on line 23

Somebody can help me to solucionate it? p`lease...

Uninstall it! That was a BETA version. Not really suitable for production sites. Perform a clean install and use version 1.0.4.
