
Multiple Ranks or Titles

Posted by Kody - 2008/03/03 05:18

This is what I am looking for, I currently run a gaming website and we use the ranking system in the forums to describe your status in the squad. We are currently looking for something on the admin side that will let everyone know that you are also a donator of money to keep the servers going and the website up. If anyone has a hack for this it would be greatly appreciated!!!

Thanks Kody

Go to admin panel, go to user ranks management, new ranks.

Yeah, I know how to add new ranks but that still only lets me display one Rank, I want to display multiple Ranks. Kinda like this:

Kody
Admin
Donator
Posts 287

Actually it doesn't even have to be a rank maybe a box on the admin side of user management that allows the admin to say that this member is a donator. And then it shows up in the forum profile when he posts like his post count and his online/offline status.

If you go to <http://joomlame.com> join there it's free registration, and add to the wish list Forum. I can get on it and have the files by end of day tomorrow.

It's late here so I don't want to tackle it now and if you post there, I won't forget ;)
