## New fireboard support forum in Hebrew

Posted by malikom - 2008/03/15 00:25

---

Hi all

Since there is no way to write in Hebrew in this forum (encoding issues) I will make it short

There is a fireboard support forum for all issues with fireboard and Hebrew, RTL templates, plug-in's, modules, etc' - all in Hebrew, all translated, just for the Hebrew Joomla community

Just come and join us at <http://www.fireboard.co.il>

Best regards

Amir
