## Recover deleted thread

Posted by Linsyn - 2008/03/17 18:22

---

One of my moderators deleted a thread on my forums and I'm wondering if there's a way to bring it back. I couldn't see it on my Trash Manager of my main Joomla admin page, and I didn't see such an option when I was browsing the Fireboard forum component.

Thanks.

FireBoard does not utilize Joomla's trash manager. Unless you have daily DB backups scheduled there is probably no way to recover your thread

How would I go about turning the backup on.

---

There is no backup option. You have to install some plugin.

Use this. Sends me a backup once a day by email.

[http://extensions.joomla.org/component/option,com\\_mtree/task,search/Itemid,35/searchword,jombackup/cat\\_id,0/](http://extensions.joomla.org/component/option,com_mtree/task,search/Itemid,35/searchword,jombackup/cat_id,0/)
