
ranking

Posted by keule - 2007/04/21 11:46

hi all

i would like to suggest a ranking system that is not only based on the amount of posts.

i prefer giving my community-users (e.g. members of a gaming-clan) special ranks with a suitable picture
all other "visitors" (non clan-member) should be treated by their amount of posts

>> this feature is another one that keeps me at phpBB atm B)

Re:ranking

Yeah, like this would be great!
How did you do that?

yes, please advise us how to do that as well.

Thanks,

=====
