
Need some BIG help guys...

Posted by golla - 2008/04/09 00:55

sup guys,

im very new to this stuff and i just installed the Fireboard...and instal a pm...

but i need some help...where can i get a "sticky" ?

i did search but i really dont know what to look for..so i was hoping youll point it to for me..

and another thing...when im trying to make a forum "locked" its not locking it..and everyone can enterthat forum...

=====

Sticky : you enter as admin (or mod) and read the first post, there is an icon there (sticky)

2. Locked means no one can post but they can read
