
I just installed-PLZ Help

Posted by hmisland - 2008/04/11 00:09

Hi,

I just installed fireboard on joomla 1.0 and made the link in the main menue.when i go to the page i get this msg-pat-Error
Could not load module base class.-

i dont know whats wrong.

anyway whats the patch file?how and why should i use that?

Regards,

H.M.ISLAND

PS.This is my website address : WWW.HM-ISLAND.COM
