
Numinu : how to decrease template width ?

Posted by angelo95210 - 2008/05/12 20:25

Hello,

I would like to thank the author for this great template !

Could you please help me to decrease the width of this template, as you can see on the picture with internet explorer it does not display correctly due to a too large width.

Here attached a screen capture and my forum.css file is below.

Thank you so much in advance !

```
