
Where can I find (fb_msg_1, fb_msg_2 ,fb_msg_b ,fb

I would like to add google ads to Fireboard. I found some messages in this forum saying there four module positions that can used (fb_msg_1, fb_msg_2 ,fb_msg_b ,fb_msg_t). Where can I find these modules? Do I have to download them from somewhere. I have Joomla 1.5.1 and Fireboard 1.0.4
